Tek Panel Ruggedized All-In-One and Display-Only For Military. Tek Panel understands that the hardware "wish List" for military training, operations and command & Control can be very demanding, that’s why our Military All-In-One and Display-Only systems are custom engineered and fabricated so that Warfighters can Train Better and Faster while Maintaining Unmatched Command, Control, Computing, Communications, Intelligence, Surveillance and Recognizance (C4ISR) in austere environments.

HD military displays panels, Military all-in-one display ...
Military Console 19 Panel PC. This was specially produced for a major military prime contractor and was designed to fit a new style of console. The new console required the entire Panel Computer assembly to be kept down to a maximum of 62mm overall thickness. A toughened SAW (surface acoustic wave) touch screen was used, as part of the specification called for the display to be strong enough for an operator to stand on the top of desk to access other equipment adjacent to the console ...
