[BOOK REVIEW]

This 1979 edition (11 7/8" X 15 1/4" X 2") is a larger book than the 2013 edition and 455 pages vs. 400 pages. It is the cover art from the 332 Post covers, not the Post covers themselves, i.e. no Post banner, no words across the art saying what was inside that particular

Magazine, and so on,
that actually ruined

One I always liked was "Willie Gillis At College" (1946), which tells an entire life story about this student and his post-war life by the subtle hints found in his dorm room.
