refers to the written record of human religious feelings, thoughts, and ideas. This period of religious history begins with the invention of writing about 5,220 years ago. The prehistory of religion involves the study of religious beliefs that existed prior to the advent of written records. One can also study comparative religious chronology through a timeline of religion. Writing played a major role in standardizing religious texts regardless of time or location, and mak

The general nature of religion. In his work on the history of religion, Eliade is most highly regarded for his writings on Alchemy, Shamanism, Yoga and what he called the eternal return—the implicit belief, supposedly present in religious thought in general, that religious behavior is not only an imitation of, but also a participation in, sacred events, and thus restores the mythical time of origins.

It gives you a comprehensive and coherent story of religious ideas starting from the Stone Age and ending with Judaism, Greek methodology, and India before Buddha. Eliade is a passionate writer. Although sometimes the author expects the readers to know quite a lot about the history of the period (understandable for the work of that scope), he is very clear with his main ideas.
