The materials for the AMDM/AQR course consist of teacher and student materials for Units I through VII. This two-volume resource contains only the student materials. The teacher materials are composed of the student expectations, unit overviews, and unit section planners.

Advanced Mathematical Decision Making

The materials are also appropriate for other states' Advanced Mathematical Decision Making (AMDM) courses. Ready to learn more? Advanced Mathematical Decision Making prepares students for a range of future options in non-algebraically-intensive college majors or for entering workforce training programs.
