...

You may not even know it, but you could be forced to settle your next construction payment dispute through arbitration. Arbitration clauses are included in most construction contracts these days, so read your contract! If a dispute arises, the clause will require you to submit to arbitration instead of being able to file a lawsuit in court. It ' s important to know what this is, and how it works, so you can effectively defend yourself.

Arbitration clause be just a boilerplate provision, taken “ off the shelf, ” or should it be specifically negotiated and crafted for the particular construction project and to accommodate the parties

Drafting Arbitration Clauses in Construction Contracts ...

Construction contracts commonly call for arbitration as the parties ' dispute-resolution procedure, especially on international projects. While often a wise choice for adjudicating international construction disputes, international arbitrations can raise many complex legal questions, including determining the procedural and substantive law governing the parties ' disputes and how to apply that law to the disputes.
