Some argued that Trump's interest in buying Greenland wasn't that outlandish. From the 1800s to the early 1900s, the U.S. actually did gain much of its territory through various land purchases, including the 1803 Louisiana Purchase, and the 1867 deal to buy Alaska from the Czarist government of Russia. And the U.S. and Denmark have done ...

In buying country property, location has three meanings. First, it's the proximity of the seller's property to local goods and services. A farm ten miles from town may not be priced lower than a property five miles from town, because farms, locally, are valued for other factors not their proximity to town.
