Calculus and Its Applications. As a reminder
that functions, graphs, and models should be
review topics for most students taking this
course, Chapter 1 has been renamed Chapter R.
Highlighting the usefulness of this chapter,
references throughout the book show students
where to look to refresh and review their
algebra skills.

Calculus with Applications (9th Edition): Lial, Margaret L ...

Calculus and Its Applications has, for years, been a best-selling text for one simple reason: it anticipates, then meets the needs of today's applied calculus student. Knowing that calculus is a course in which students typically struggle--both with algebra skills and visualizing new calculus concepts--Bittinger and Ellenbogen speak to students in a way they understand, taking great pains to ...
