Portraits Nudes Flowers is a collection of photographs by Lima-born Mariano Vivanco (born 1975), one of the world's leading editorial and advertising photographers. It includes portraits of some of the world's most fashionable faces, including Cindy Crawford, Rihanna, Lady Gaga, Naomi Campbell, Ricky Martin, Antonio Banderas, Emma Watson and Sam Smith, among many others. Nudes have been a component of Vivanco's photography since his early studies in Melbourne, Australia, most notably his Candice Swanepoel and David Gandy nudes, both of which are featured here. Flowers have also been a longstanding subject of Vivanco's photographic explorations, and this volume includes a never-before-seen series of Vivanco's flowers. With a fresh and unexpected take on these highly popular subjects, Vivanco unifies his collection of portraits, nudes and flowers in a contemporary fashion.

Cameron Diaz shares her formula for becoming happier, healthier, and stronger in this positive, essential guide grounded in science and inspired by personal experience, a #1 New York Times bestseller. Throughout her career, Cameron Diaz has been a role model for millions of women. By her own candid admission, though, this fit, glamorous, but down-to-earth star was not always health-conscious. Learning about the inseparable link between nutrition and the body was just one of the life-changing lessons that has fed Cameron's hunger to educate herself about the best ways to feed, move, and care for her body. In *The Body Book*, she shares what she has learned and continues to discover about nutrition, exercise, and the mind/body connection. Grounded in science and informed by real life, *The Body Book* offers a comprehensive overview of the human body and mind, from the cellular level up. From demystifying and debunking the hype around food groups to explaining the value of vitamins and minerals, readers will discover why it's so important to embrace the instinct of hunger and to satisfy it with whole, nutrient-dense foods. Cameron also explains the essential role of movement, the importance of muscle and bone strength and why we need to sweat a little every day. *The Body Book* does not set goals to reach in seven days or thirty days or a year. It offers a holistic, long-term approach to making consistent choices and reaching the ultimate goal: a long, strong, happy, healthy life.

*Collects Captain Marvel* (2019) #17-21. The end of an era! It's poker night at Casa Danvers with Wolverine, Monica Rambeau, Spider-Woman, Hazmat, Jessica Jones and Ms. Marvel all in the game! But the fun ends as a cosmic conflict breaks out. And when EMPYRE unites the Kree and the Skrulls, Captain Marvel takes on a bold new role – as the Supreme Accuser, wielding the Universal Weapon! Carol has become Emperor Hulkling's swift and necessary hammer of justice – but when she's tasked to accuse a renegade soldier responsible for heinous crimes, she finds herself torn between two worlds! Carol recruits some of her staunchest allies to help bring down the hammer of justice! But with the end of a war, Captain Marvel must make a choice that will define her life – and the lives of those closest to her!
