A chapter book is a typically a fiction book written for children who are ready to transition from picture books to more text based books. Many early reader chapter books still include simple illustrations – though the pictures are generally less important to the story than they are in a picture book. What age are chapter books for? While there is no hard and fast rule, children generally make the transition to chapter books somewhere between the ages of seven to ten years.

A chapter book is a story book intended for intermediate readers, generally age 7-10. Unlike picture books for younger readers, a chapter book tells the story primarily through prose, rather than pictures. Unlike books for older readers, chapter books contain plentiful illustrations. The name refers to the fact that the stories are usually divided into short chapters, which provide children with opportunities to stop and resume reading if their attention spans are not long enough to finish ...
