If someone actually has Lyme disease causing muscle pains or fatigue, then it is no longer correct to say they have fibromyalgia or chronic fatigue syndrome. They actually have Lyme disease causing muscle aches or severe fatigue and all the other symptoms associated with these two diagnoses. Patient Beware. Be aware the current trend in medicine is to label fibromyalgia or chronic fatigue associated with an infection as post-infection chronic fatigue syndrome or post-infection fibromyalgia.

Is It Lyme, Fibromyalgia, or Chronic Fatigue Syndrome ...

Mycoplasma, bartonella, chlamydia, and babesia are a few well known examples, and coinfections with these microbes are common in people with Lyme, fibromyalgia, chronic fatigue, and other chronic illnesses. Borrelia, the microbe commonly associated with Lyme disease, also fits the description and shows up regularly in chronic illnesses.

Boiling Point: The Lyme + Fibromyalgia + Chronic Fatigue ...

Fibromyalgia (FM) is a medical condition characterized by chronic widespread pain and a heightened pain response to pressure. Other symptoms include tiredness to a degree that normal activities are affected, sleep problems, and troubles with memory

NAD for Fibromyalgia Chronic Fatigue, CTE & Lyme Disease ...

Clearly chronic Lyme disease is a complex and multi-faceted health problem. It is apparent that many cases of fibromyalgia and chronic fatigue syndrome are actually Lyme disease in disguise. If you are suspicious that you or a patient might have Lyme disease, the first step is to undergo evaluation and testing.

Lyme Disease & Fibromyalgia, Chronic Fatigue, Arthritis

LymeDisease.org: Dapsone + doxy + rifampin very effective for chronic Lyme From the article: "A groundbreaking in vivo clinical study conducted by Dr. Richard Horowitz has found that an eight-week course of the leprosy drug dapsone combined with doxycycline and rifampin is effective in improving symptoms in 98% of patients suffering from chronic Lyme disease/Post Treatment Lyme Disease ...

Chronic Fatigue in Lyme Disease | Dr. Todd Maderis

1. President Trump discusses Lyme disease (YouTube video) Earlier this week, chronic Lyme became a brief topic of discussion during a meeting between President Donald Trump and survivors of the coronavirus. While the president made several inaccurate statements during his exchange with Michigan state Rep. Karen Whitsett, it's still nice to hear him acknowledge that [...]

April 17, 2020 fibromyalgia and Lyme ... - Fed Up with Fatigue

Let's bring it all back - Chronic Lyme disease complex can affect the Hypothalamic-pituitary-adrenal axis in two ways: via neurotoxins and epigenetic shifts. So if imbalances in the HPA axis can lead to Chronic Fatigue Syndrome, depression, insomnia and generalized pain, all of which is related to fibromyalgia, then it seems there is a strong link from Lyme disease complex and its coinfections to FMS.

The Surprising Link Between Fibromyalgia and Lyme Disease ...

Lyme disease is the number one vector-borne spreading epidemic worldwide, and mimics common diseases such as Fibromyalgia (FM), Chronic Fatigue Syndrome (myalgic encephalomyelitis), autoimmune...
