As the civil–military problematique would suggest, the worst-case consequences of dysfunctional civil–military relations would include catastrophic failure on the battlefield leading to the defeat of the state in a war or the seizure of the government by the military itself.

Civil–Military Relations | Oxford Research Encyclopedia of ...

A paradox lies at the center of traditional civil-military relations theory. The military, an institution designed to protect the polity, must also be strong enough to threaten the society it serves. A military take-over or coup is a worst-case example. Ultimately, the military must accept that civilian authorities have the "right to be wrong".

Civil–military relations - Wikipedia

the case study method to determine whether this relatively neglected theory of civil-military relations accounts for the occurrence of military interventions in Argentina, this thesis also examines whether the theory provides a better tool than separation theory by which to analyze civil-military relations in Latin America.

case studies of civil-military relations in four categories of political regimes. The first category is established or "consolidated" democracies, including the United States, Japan, and Germany, that developed different, but arguably simlarily effective, models of civilian supremacy over the armed forces.

Civil-Military Relations: Control and Effectiveness Across ...

The establishment of democratic control over the armed forces has never been a key issue in Lithuanian politics and there have been few studies of this area. 1 Civil—military relations in Lithuania since independence have generally been characterized by relatively weak organization within the military and a strong civilian presence managing the overall national defence system (encompassing the Ministry of National Defence, the Integrated Defence Staff, the Lithuanian armed forces and other ...

The Challenges of Civil-Military Relations and Democratic ...

Civil-military relations are just a special, extreme case for democratic theory, involving designated political agents controlling designated military agents. It follows that, in a democracy, the hierarchy of de jure authority favors civilians over the military, even in cases where the underlying distribution of de facto power favors the military.

CIVIL-MILITARY RELATIONS

Leon Panetta: Thirdly, civil-military relationship is unique to democracy, to our democracy. And George Washington is really the one who made that happen when he resigned his commission in order to become president of the United States, making very clear the differences between civilian leadership and the military.

This article contends that Senegal has avoided civil wars and coups d'état due to a critical juncture in civil-military relations in 1962. At this pivotal point, political and military elites avoided using the army or police to resolve the constitutional crisis, which prevented the politicization of the SAF.

Why is Senegal's Military so Good? A Case Study - Modern ...

In the case of a Nation in Arms, the civilian institutions are more powerful than the military ones, as in Israel, whereas in a Revolutionary Nation in Arms, the military's strategic and political functions are shaped by political imperatives. The cases of Algeria, Vietnam and Cuba during their revolutionary war fit this category.

One of the least explored aspects of the current situation in Colombia is civil-military relations. Long an anomaly in Latin America, Colombia has virtually no history of military governments yet is a place of serious turmoil. This article argues that the lack of government legitimacy means that the armed forces have no real patria to defend and outside assistance is not going to change that.

Civil?military relations in Colombia: A workable ...

Civil–military relations also may affect how selectively military forces apply state repression to the citizenry and therefore the likelihood of protests emerging or escalating once begun. Militaries that are difficult to control, such as those composed of rival autonomous units or those that have been ethnically stacked, might be prone to indiscriminate repression that intensifies grievances.

Integrating the Civil–Military Relations Subfield | Annual ...

Abstract. The U.S. military's prevailing norms of professionalism exhibit three paradoxes that render the organization poorly suited to meet contemporary challenges to its nonpartisan ethic, and that undermine its relations with civilian leaders. These norms, based on Samuel Huntington's objective civilian control model, argue that the military should operate in a sphere separate from the civilian domain of policymaking and decisions about the use of force.
