Hands on class exercises may also be used to demonstrate program requirements and concepts ... is to describe the hazardous characteristics and effects of chemicals and identify sources for chemical ...

Hazard Communication

Chemical heterogeneities ... spatially and temporally. In this Review, we discuss several aspects of spatial heterogeneity in biofilms. First, we describe the processes that are involved in ...

Physiological heterogeneity in biofilms

But is size the best way to describe or define a nanoparticle ... or ribbon structures depending on the aspect ratio. In this section we first review recent experiments, using the surface forces ...

The role of interparticle and external forces in nanoparticle assembly

This course is part of the two-semester Principles of Biology sequence, and is primarily focused on the core concepts of information flow and storage as well as evolution. Students will learn about ...

1818 Courses

Proposals describe ... IRB review, the IRB may request additional information about the proposal, and/or may require changes in the consent form, participant recruitment methods, or other aspects of ...

Institutional Review Board

devices and concepts are also encouraged. Lengthy introductions, excessive data or experimental details and pure conjecture should not be included in the main text. Authors are encouraged to include a ...

Inorganic Chemistry Frontiers

Kalinichev, Mikhail Le Poul, Emmanuel Boléa, Christelle Girard, Françoise Campo, Brice Fonsi, Massimiliano Royer-Urios, Isabelle Browne, Susan E. Uslaner, Jason M ...

The Design and Statistical Analysis of Animal Experiments

Programmable Materials is the first journal dedicated to publishing original research, review articles and case studies describing the latest developments ... computer science and electronic, chemical ...
