EAL2: Structurally Tested.

The Common Criteria | CISA

Evaluation Assurance Level (EAL) – the numerical rating describing the depth and rigor of an evaluation. Each EAL corresponds to a package of security assurance requirements (SARs, see above) which covers the complete development of a product, with a given level of strictness. Common Criteria lists seven levels, with EAL 1 being the most ...

Common Criteria - Wikipedia

Evaluation Assurance Levels 1 through 2 and ALC_FLR. Where a CC certificate claims compliance to Evaluation Assurance Level 3 or higher, but does not claim compliance to a collaborative Protection Profile, then for purposes of mutual recognition under the CCRA, the CC certificate should be treated as equivalent to Evaluation Assurance Level 2.

Certified Products : New CC Portal

Within the CCRA only evaluations up to EAL 2 are mutually recognized (Including augmentation with flaw remediation). The European countries within the former ITSEC agreement typically recognize higher EALs as well. Evaluations at EAL5 and above tend to involve the security requirements of the host nation's government.

Common Criteria - Wikipedia

of EAL/D practice. 2. For each of the elements, determine which level of achievement best describes your school environment by identifying examples/evidence at each descriptor. 3. Using the EAL/D School Evaluation Framework, identify actions to be implemented to improve EAL/D practices. Record these in the EAL/D strategy planning table. 4.
