Rice University engineers lead study to create piezoelectricity in two-dimensional phase boundaries. They could power future nanoelectronics like sensors and actuators.

### [2D boundaries could create electricity](#)

The electronic lab notebook (ELN) market income added up to ~US\$ 421.0 Mn in 2021. The electronic lab notebook (ELN) market is projected to arrive at ~US\$ 1,180.3 Mn by 2029, developing at a CAGR of ...
