Synopsis. This book provides a synthesis of knowledge of the Vikings in England, including new interpretations and recent information recovered from excavation and surveys. The author of this book concentrates on two main areas - what was the precise nature of the Viking contribution to the history of England and their effect on local developments already underway and what was the native response to the Vikings?

English Heritage Book of Viking Age England (English....

On one side of the blade is the only known complete inscription of the twenty-eight letter Anglo-Saxon runic alphabet, as well as the name "Beagnoth" in runic letters. It is thought that the runic alphabet had a magical function, and that the name Beagnoth is that of either the owner of the weapon or the smith who forged it.
