Eurocode 9: Design of aluminium structures -Part 1-1: General structu ral ru les Eurocode 9: Calcul des structures en aluminium -Partie 1-1: Regles generales Eurocode 9: Bemessung und Konstruktion von Aluminiumtragwerken Teil1-1: Allgemeine Bemessungsregeln This European Standard was approved by CEN on 18 September 2006.

EN 1999-1-1: Eurocode 9: Design of aluminium structures ...

In the eurocode series of European standards (EN) related to construction, Eurocode 9: Design of aluminium structures (abbreviated EN 1999 or, informally, EC 9) describes how to design aluminium alloy structures. It complies with the principles and requirements for the safety and serviceability of structures, the basis of their design and verification that are given in EN 1990 – Basis of structural design.

Eurocode 9: Design of aluminium structures - Wikipedia

BS EN 1999-1-1 BS EN 1999-1-1 is the first of five parts in BS EN 1999. It gives generic design rules that are intended to be used with the other parts: BS EN 1999-1-2 to BS EN 1999-1-5. It applies to the design of buildings and civil engineering and stru
