In his Book Far Journeys  
Robert A Monroe tells his  
readers about astral  
projection and out of body  
contentiousness. He also  
discusses theories of other  
realms of consciousness  
other than what is known to

## Robert A Monroe

Robert Monroe's story is such a remarkable one that for me it took a few years of pondering and re-reading various accounts of his "journeys" to come to grips with it as a legitimate reality. Since the early 1960's, Monroe carefully logged many hundreds or thousands of out of body experiences and over the years mastered exit techniques and went on to teach them to many students at his institute in Virginia.
