If the water contains algae and is “ aesthetically unappealing, ” but the FHA home appraiser has no evidence the pool is otherwise contaminated, then no cleaning is required. Additionally, the swimming pool must be operational to provide “ full Contributory Value. ” In other words, it should add value to the home by being usable.

All properties that are purchased through the Federal Housing Administration (FHA) loan must undergo an FHA inspection of the property. This inspection is paid for by the buyer of the property and is carried out more thoroughly than a regular appraisal. For an FHA loan to be approved, the property must pass the FHA inspection and appraisal.
