Fisher and Paykel RA 6102 Paprika model. The oven is ...

The oven temperature indicator light, above the temperature knob on the control panel, will glow until the oven has reached the set temperature, and then it will go out. When you have finished cooking, turn the function and temperature control knobs to the off position. Press the button if AUTO is flashing or steadily illuminated.

Terrible quality oven - don't respond to complaints  
Since buying a Fisher & Paykel oven in 2011, it has  
needed a total of 5 replacement elements for the fan  
oven. The oven cost £800 and is proving to be an  
expensive mistake! The element failed once under  
warranty and was replaced in November 2012.
