Flatterland: Like Flatland, Only More So: Stewart, Ian ...

The book advertised as a sequel to Flatland but lacks everything Flatland has. There is basically no plot, except some bare bone stuff to lead from one explanation of dimensional concepts to the next (what is intended to hold the semi-essays together is Vikkie Line a grand-grand-child of Abotts A.Sphere from Flatland...

Flatterland: Like Flatland Only More So, Stewart, Ian ...

As both a witty satire of Victorian society and a means by which to explore the fourth dimension, Flatland remains a tour de force. Now, British mathematician and accomplished science writer Ian Stewart has written a fascinating, modern sequel to Abbott's book.
