For most of us, living with a teen can often feel like a stranger has moved in. The long summer holidays can be a particularly tense time, when teens want to kick back and relax after end of term exams. They want to sleep in late and party till the small hours with their mates. You may feel you 're drowning in their mess.

It is designed to help an estimated 200,000 children in England living with alcohol-dependent parents. The measures include: fast access to support and mental health services for children and ...

New support to help children living with alcohol-dependent ...

Teenagers' behaviour can be baffling, stressful, hurtful and often worrying. But in most cases it does not mean there is anything more serious going on than the natural process of becoming an adult. Many of the common behaviour issues that parents find hard are an essential part of puberty and growing up.

Coping with your teenager - NHS

Teenagers experience many physical and lifestyle changes. Eating a healthy, varied diet and keeping active is important for good health during this time and may help in dealing with times of stress, for example exams, school moves and family situations. It may also help to develop healthy eating and lifestyle habits that can hopefully last for ...
