Haddix, Margaret Peterson. 2008. The Missing Book 1: Found. I may be a bit biased--slightly--since I love, love, love Margaret Peterson Haddix. My expectations were high with this her first book in a new series. And I was NOT disappointed. I was WOWed. I'm not foolish enough to think that this one will WOW every single kid, teen, or adult out there.

Because of this unbeatable premise I had for years been wanting to read Found, the first book in The Missing series by Margaret Peterson Haddix, (2008, 314 pages), and last week I finally did so. Here is the description from Goodreads: Thirteen-year-old Jonah has always known that he was adopted, and he's never thought it was any big deal.
