and even quite possible; our solar system could very well travel through a cloud in its wanderings around the galaxy. See also Conan Doyle's Professor Challenger story "The Poison Belt" which I'm convinced inspired Fred Hoyle to write his story. "Black cloud" is not dated at all in my opinion, but then you

File Type PDF Fred Hoyle The

Hoyle's The Black

Cloud is very good science fiction, not boring at all, as some have said, but engaging, interesting and quite plausible. Add to this an interesting introduction by Richard Dawkins and an excellent narration by Jack Klaff and you get an audiobook which is quite close to perfection.
