Fundamentals of Financial Accounting, Third Edition | Fred ...  
Financial accounting is responsible for preparing the organization ' s financial statements—including the income statement, the statement of owner ' s equity, the balance sheet, and the statement of cash flows—that summarize a company ' s past performance and evaluate its current financial condition. If a company is traded publicly on a stock market such as the NASDAQ, these financial statements must be made public, which is not true of the internal reports produced by management ...
