Details about Fundamentals of Media Effects: Mass media's potential to influence audience beliefs and behavior is a subject that has long fascinated scholars and the general public. The ongoing interest and concern are reflected in the common tendency to blame "the media" for many of society's problems. This extensively revised and updated edition cuts through popular notions of presumed

Several outstanding elements distinguish the Second Edition of Fundamentals of Media Effects. New chapters explore the impact of computer/video games, the effects of the Internet and social networking sites, and the way mobile communication devices have transformed the way we live.

*Fundamentals of Media Effects: Jennings Bryant, Susan ...*

The literature of media effects is frequently characterized as a three-stage progression initially embracing a theory of strong effects followed by a repudiation of earlier work and new model of minimal effects followed by yet another repudiation and a rediscovery of strong effects. We argue that although this dramatic and somewhat romantic simplification may be pedagogically useful in introductory courses, it may prove a significant impediment to further theoretical refinement and progress in advanced scholarship.
