Record Keeping - Suze Orman

It enables you to keep a log of stock received and stock issued. It can be used alongside a simple re-order system. For example, the two-bin system works by having two containers of stock items. When one is empty, it's time to start using the second bin and order more stock to fill up the empty one. Stock cards are used for more complex systems. Each type of stock has an associated card, with information such as:

Stock control and inventory - Info entrepreneurs

Keep tax-related records for seven years, McBride recommended. The Internal Revenue Service (IRS) can audit you for three years after you file your return if it suspects a good-faith error, and the IRS has six years to challenge your return if it thinks you underreported your gross income by 25 percent or more, according to Bankrate.com .
