With the 1992 appearance of Handbook of the Birds of the World, Volume 1: Ostrich to Ducks, a visionary country doctor named Josep del Hoyo, and his Catalonia-based Lynx Edicions, declared an outrageous goal: an exhaustive, illustrated compendium of the taxonomy, distribution, and biology of all 10,500+ bird species, compiled by the world ' s top bird authorities.

Welcome To Birds of the World - "Bird Diversity at Your ...

A beautifully illustrated compendium of birds, with perfectly bite-sized snippets of information. The text is engaging and well-targeted to younger children (age range is listed as 6+, but it has captivated my 4 year old daughter), with easily digestible little facts about each particular bird

in the book.

My Book of Birds - Kindle edition by Valerio, Geraldo ...

The Compendium of Birds is a painted album that depicts 360 birds, each paired with a textual description. It was created by Jiang Tingxi 蔣廷錫 (1669-1733) for the Kangxi court but later copied by Zhang Weibang (張維邦, ca. 1725-1775) and Yu Sheng (余省, 1692-1767) at the direction of the Qianlong Emperor (r. 1736-1795).

literature, and folklore—this enticing collection is brimming with wisdom and wit about all things avian.

Christopher Leahy sheds light on “ hawk-watching, ” “ twitching, ” and other rituals from the sometimes mystifying world of birding that entail a good deal more than their names imply.

distribution, and biology of all 10,500+ bird species, compiled by the world ' s top bird authorities. The project seemed too ambitious to complete, doomed to collapse of its own weight.

View from Sapsucker Woods: Birds of the World Is Born All ...

This book, an illustrated compendium of nests, eggs, and birds, can ' t possibly come anywhere close to being comprehensive. There are birds on every continent of the world, and their species number in the thousands there ' s just no way for one little book to cover them all.
