The United States of America, commonly known as the United States or simply America, is a country comprising 50 states, a federal district, five major self-governing territories, and various possessions. At 3.8 million square miles, the United States is the world's third or fourth largest country by total area and is slightly smaller than the entire continent of Europe. Most of the country is located in central North America between Canada and Mexico. With an estimated population of over 327 mil

the United States international taxation system to taxpayers investing or transacting business in the US and other countries. In a relatively brief and manageable form, it sets forth the principles adopted by the US in taxing US or foreign individuals and corporations as they invest, work, or carry on a trade or business in the US or abroad.

Introduction To United States International Taxation, 6th ...

This chapter argues that we need to go beyond the post-Cold War debate about US primacy. The more relevant immediate issue for international order is the potential of any US hegemony. The conclusion summarizes the book's three main contributions. The first

Read Free Introduction To United States International

The study of political and diplomatic relations between nation states was central to the discipline of history as it was professionalised and institutionalised in the 19th century. (1) As the discipline expanded and diversified, the study of statecraft became the preserve of a discrete sub-field known as diplomatic history.
