Introductory Econometrics for Finance

Instead, we have to draw our inferences from the analysis of non-experimental data, and that is the function of econometrics. This introductory course is intended to serve two constituencies: ...

Introduction to Econometrics

With regard to climate change, the IRA targets roughly a 40 percent cut greenhouse gas emissions relative to 2005 levels by around 2030, but it is silent about what happens if that target is not met.

No, the IRA is not a carbon tax — but it would be cheaper if it were
