The Missing

JavaScript lets you supercharge your HTML with animation, interactivity, and visual effects—but many web designers find the language hard to learn. This easy-to-read guide not only covers JavaScript basics, but also shows you how to save time and effort with the jQuery and jQuery UI libraries of prewritten JavaScript code.

Enter "Javascript & jQuery: The Missing Manual". In less than two days I have been able to learn to create effects that would have taken weeks or months to learn using any of the other books I have tried. The key - as the author points out several times - is the awesome simplicity and straightforwardness of the jQuery library. ...
