Legacy Of Dragonholt
Legacy of Dragonholt is a narrative adventure game that creates a unique experience by blending aspects of roleplaying and adventure games, open world concept video games, and even Choose Your Own Adventure books. Unlike many games, Legacy of Dragonholt is not about winning or losing, but rather about the act of creating a story.

Legacy of Dragonholt | Board Game | BoardGameGeek

Product description. Legacy of Dragonholt is the first narrative adventure game set in the Rune bound universe. This game's rich story turns one to six players into bold heroes and takes them to the edge of Terrinoth where a mysterious death has occurred. Players have the opportunity to design their heroes and then journey to the far reaches of the realm where they will attend grand balls, battle goblins, and end the reign of an evil count who threatens to usurp the rightful heir of Dragonholt.

Legacy of Dragonholt - Fantasy Flight Games

Legacy of Dragonholt is a roll play game (RPG) that we think is especially great for beginners, solo players and fans of fantasy novels. It offers an open and immersive world without bugging players down with overly complicated rule sets.

Legacy Of Dragonholt - Best Beginner RPG? (Review) - Board ...

The magical realm of Terrinoth lays before you, free to explore however you choose. In its rich literary landscape, the narrative adventure of Legacy of Dragonholt offers players a unique play experience that combines elements of roleplaying and adventure games, choose your own adventure stories, and open world video games.

Legacy of Dragonholt - De Spelvogel

Legacy of Dragonholt is a roleplaying game where players make choices based on text blocks read by one of the players. There is no game master or dungeon master. Each player can participate, but only one takes center stage in action at a time.

Legacy of Dragonholt Review | Board Game Quest

With Legacy of Dragonholt, it has become impossible to ignore the fact that she has become one of the most important story tellers in modern gaming. Legacy of Dragonholt is a tricky thing to describe without doing it some sort of disservice, miss-characterizing things, or just plain spoiling the plot.

Legacy of Dragonholt Review - God Save the Queen of Ameritrash

Legacy of Dragonholt is a game about storytelling. As you play, your decisions will weave a narrative tapestry that tells the story of your adventures in the village of Dragonholt. You take on the role of a hero, a brave adventurer who seeks fame and fortune either by performing acts of good and honor or simply by seeking out monsters to battle or villagers to save.

How to play Legacy of Dragonholt | Official Rules ...

Legacy of Dragonholt is more or less an attempt to combine an Dungeons-and-Dragons style role-playing game with a tabletop game, and take away the need for one player to be the Dungeonmaster. The result is a cooperative (or solo) experience that is very much an immersive story.

Amazon.com: Customer reviews: Legacy of Dragonholt

Legacy of Dragonholt is a narrative adventure game that takes one to six players to the remote village of Dragonholt. Players build their characters, embark on noble quests, and hopefully foil the plot of an evil overlord!

Using the brand-new Oracle system, Legacy of Dragonholt is a narrative adventure game that captures the feeling of a roleplaying game without the need for a game master.

Legacy of Dragonholt Review | A Pawn's Perspective

In fact, Legacy of Dragonholt isn't, strictly speaking, a game at all. That's certainly not how Fantasy Flight is describing this intriguing release. More aptly, the box proclaims it as "A Co-operative Narrative Adventure" set in Terrinoth, the same high fantasy world as the studio's Runebound and Descent games.

Legacy of Dragonholt review - Tabletop Gaming

Legacy of Dragonholt is a narrative adventure game, the first to utilize the new and innovative Oracle system. We decided that we wanted our character sheets to look cool too (with pictures and textured backgrounds).
