~~The affects may contribute to biometric bias, the researchers say. Lossy compression is the process by which some data is removed from an image file in order to reduce its size or other original ...~~

~~Lossy image compression negatively affects facial recognition algorithms, research shows~~

A new study from the UK has concluded that lossy compression techniques in JPEG images can have an adverse influence on the effectiveness of facial recognition systems, making such systems more likely ...

~~JPEG Compression Increases Facial Recognition Error Rate for Non-Caucasian Faces, Study Finds~~

Taken concurrently with EGR/MAT/PHY 191. An integrated course that covers the material of PHY 103 and MAT 201 with the emphasis on applications to engineering. Math topics include: vector calculus; ...

## ~~Applied and Computational Mathematics~~

Application areas include speech, audio, image and video processing for computer vision, communications, biological testing and diagnostics, artificial intelligence (AI), Voice-over-IP networking. The ...
