Traditional Manual Transmission Fluid
Manual transmissions use a variety of transmission fluid ranging from regular motor oil to heavyweight hypoid gear oil. A few manufacturers even recommend automatic transmission fluid. It all depends on the vehicle, the tolerances, engineering and the type of driving you most commonly do.

Manual Transmission Fluid Types | It Still Runs

Transmission fluid comes in many different colors, but most automatic fluids come in a red or pink color. Manual transmission fluid might be the color of regular oil, but many manual transmission vehicles also use automatic formulas just fine. As long as it isn't milky, dark brown, or black, you should not have to replace it.
