In Marriage, a History, historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is—and how absurd it would have seemed to most of our ancestors. It was when marriage moved into the emotional sphere in the nineteenth century, she argues, that it suffered as an institution just as it began to thrive as a personal relationship.

Marriage, a History Long ago, love was a silly reason for a match. How marriage has changed over history. By PT Staff published May 1, 2005 - last reviewed on June 9, 2016

Marriage, a History | Psychology Today

The love-based marriage started to come unglued in the 1920s, but the Great Depression and World War II were so disruptive that men and women were focused on the more important problem of survival. In the 1950s, normal times returned, and most people were so grateful and ready to act out their pent up dreams of marriage and starting a family that social revolution was not on their minds.

Marriage, A History : NPR

Through a discussion of marriage dating back to the ancient times, Coontz demonstrates that our current conception of marriage-for-love is a recent invention. Rather, marriage for the majority of history was an institution that was entered into for practical and pragmatic reasons, an This is one of my favorite books on the history of marriage, though it's not without its flaws.

Marriage, a History: How Love Conquered Marriage: Amazon ...

Coontz, Stephanie, Marriage, A History: How Love Conquered Marriage(Penguin Books, 2005). The author's noble cause is to disabuse us once and for all of the notion that the 1950s Ozzie-and-Harriet, nuclear, male-breadwinner family was the pinnacle of family life. Through an exhaustive history that begins with prehistoric man and ends in the present day, Coontz convincingly argues that the companionate marriage, the marriage for love, traces its origins not to a decadent 1960s, but rather to ...

Marriage: A History | Humanum Review

“ Through most of human history, love was not at all the point of marriage, ” Coontz said. “ Marriage was about getting families together, which was why there were so many controls. ” The notion that a couple would marry for love was considered almost anti-social, even subversive; parents could disown their kids for doing it.

Love And Marriage: A History That Challenges The Notion Of ...

“ The long decade of the 1950s, stretching from 1947 to the early 1960s in the United States and from 1952 to the late 1960s in Western Europe, was a unique moment in the history of marriage. Never before had so many people shared the experience of courting their own mates, getting married at will, and setting up their own households.

Marriage, a History Quotes by Stephanie Coontz

Love was a rare element in the history of marriage, and even today the definition and function of marriage are not entirely fixed. One legally accepted, though challenged, definition describes...
