Manuals & Instructions The original Monarch Spas went into Administration several years ago, with much documentation and information becoming unavailable. Unfortunately we do not have Specification or Engineering Sheets for individual Monarch Spas, as they sometimes varied widely amongst the same models.

Monarch Spas Control Panel Manual

The spa comes from the factory equipped with a 120 VAC 15(20) Amp line cord. The heater will not operate in conjunction with the high speed jets when installed with a 120 VAC service. Con-verting the spa to 240VAC (50 Amp) will allow the heater to work at the same time as the high speed pump and will heat 3-4 times as quickly. Digital Topside

"Monarch Pools & Spas Management Team, I wanted to take the time to truly thank Chris, the parts manager from Monarch Pools & Spas. First, let me start by saying that I purchased a house in June and found a local pool store where I went the first few days, but didn't feel I was getting the answers I wanted, and was seeming to spend quite a bit on things.
