With its beguiling title, NEVER WORK HARDER THAN YOUR STUDENTS & OTHER PRINCIPLES OF GREAT TEACHING will certainly attract the eye. The good news? The book is a lot more than just a catchy title. It's a well-grounded argument for seven principles teachers should all adopt to help their students learn.

One step toward eponymous Principle #7—"Never work harder than your students"—is reflecting on your current practices. What work are you currently doing that really belongs to students, and what work are you asking your students to do that really belongs to you? Jackson provides a chart for contrasting teachers' work and students' work.

Never Work Harder Than Your Students is a difficult book for me to summarize in a review, because its real value comes from digging in to Robyn's stories, examples, and "try this" suggestions, and then reflecting on how those things apply to your own practice. Robyn draws you in with real-life examples (many of which are "fails" that will have you nodding along in unfortunate agreement), shares a principle, and combats rebuttals.

"Don't work harder than your client" - Nicole Lee LICSW "Don't work harder than your client" One of my first social work supervisors told me this - "Don't work harder than your client." It caught me off guard - I had always thought that I should just give my all to help others, and had always taken that as my mission.

Obviously, never work harder than your students. I am guilty as charged! I thought that when I signed up to be a teacher that I had to come to grips with the work load. But, it wasn't until I saw the benefits of putting more leadership and ownership onto my students that I realized just how hard I was working- cleaning up the classroom ...
