Welcome to Nile Basin Initiative (NBI)

The Nile Basin Initiative is a partnership among the Nile riparian states that “seeks to develop the river in a cooperative manner, share substantial socioeconomic benefits, and promote regional peace and security”. The NBI began with a dialogue among the riparian states that resulted in a shared vision objective “to achieve sustainable socioeconomic development through the equitable utilization of, and benefit from, the common Nile Basin water resources.” It was formally launched in

Nile Basin Initiative - Wikipedia

The text of the Cooperative Framework Agreement (CFA) outlines principles, rights and obligations for cooperative management and development of the Nile Basin water resources. Rather than quantifying 'equitable rights' or water use allocations, the Treaty intends to establish a framework to "promote integrated management, sustainable development, and harmonious utilization of the water resources of the Basin, as well as their conservation and protection
