Compassion fatigue can be physical, emotional, or spiritual exhaustion that overtakes the otherwise positive and fulfilling experience of helping others when we over-empathize (Figley, 2002a).

Combating Compassion Fatigue

But as a psychologist who studies the impacts of narcissism in family relationships, I've noticed that many narcissist traits, such as grandiosity, superiority and entitlement, are on the rise.

A psychologist shares the 7 signs of a narcissistic parent: 'It's a toxic way to raise your kids'

We came for the fire-breathing dragons, but stayed for the multi-layered character arcs. Despite the fact that the HBO series is full of gore, violet sexual imagery, conspiracy, and manipulation ...
