The Renault Clio automatic engine stop and start system helps to reduce fuel consumption and lower exhaust emissions. Stop and start is activated automatically when the vehicle is started, but can be manually switched off. When your vehicle comes to a standstill, the system stops the engine (standby) and automatically restarts when you move off.

Buyer's guide to the Renault Clio. The Clio is Renault's best-selling car by some margin, and it's easy to see why with its affordable pricing and stylish looks. Renault has kept those two factors with its latest model but is making its new supermini even more appealing thanks to a classier interior, and a chassis that allows for electrification.
