A refreshing read in terms of its take on the issue of hate speech, hurt, and politics of it. The currency of “hurt” as a claim to, and pretext for, political correctionism—and often taking recourse to the logic of the antipopular as anti-State—has erected a machinery of censorship governed by the economies and excesses of a “marketplace of outrage.” This volume seeks to map this ready vocabulary of a potential victimhood and its consequent excuse for repressive regimes of State vigilantism. It investigates the ways in which such “hurt” is expressed and abetted by the

State or its actors, staged by popular media and often subsumed as public opinion. It builds the necessary structure of argument around the idea of “hurt” with reference to recent political events, the history of sentimental mobilizations and various kinds of censorship attempts in India.

...just remember that I'm not telling you to get emotional and judge the world. When words like “fuck off” come into play, people start imagining a very “no-bullshit” headspace, testosterone running high and a rebel soul. No. This isn't about being the grumpy party pooper, shitting on everyone's parade. My effort through this book is to clean up

radically. The push and pulls of these factors are changing the cultural landscape of India decisively. This volume critiques media representations of popular culture and gender since the 1950s and tracks the changes that have taken place in Indian society. The authors give us incisive analyses of these transformations, represented through the candid lens of the camera in films, television, advertisements and magazines, all of which focus on gender and familial representations and patriarchal norms in Indian society. The strength of this book is that it rejects grand narratives in favor of the micro-politics of daily living. In the course of exploring the metamorphosis of

India, the authors succeed in dissolving the boundaries between mass/low culture, elite/high culture and local/national/global affiliations.

Kabir, an MBA student, falls in love with the fiercely independent and headstrong Nilam. Love ignites their hearts despite their differences of beliefs, culture, and social and financial statuses. After being apart for an interminable time, they meet. But will everything be as they hope? Will the two have a love story that will dismantle society's prejudiced mindset? In a love story laced with drama, humour, emotions, and suspense, find out the **MASTER PLAN**

Celebrating 60 years of the Indian Republic, we bring you Indian Essentials, a light-hearted, tongue-in-cheek ode to India. In this quirky collection, twenty writers and social commentators ponder the mysteries of the Indian psyche and try to make sense of one trait, phenomenon or cultural value that is quintessentially Indian. From the Indian male's penchant for public urination to the Indian female's obsession with gold, from the jhatkas of Bollywood to the melas of Allahabad, from our embarrassingly frank matrimonials to how seriously we take our copulation problems, nothing is spared scrutiny. And because we Indians like a little something extra over and above

Morning Analysis CEO Buster Das has been found dead in his office with his head bashed in. When unlikely detective duo Sandesh Solvekar and Mona Ramteke make it their mission to catch the reckless criminal, they find themselves knee-deep in Mumbai's sordid world of dissolute starlets, business moguls and a sell-out media, even as they attempt to deal with

To a dysfunctional police machinery and their own secret lives. The list of suspects is also turning out to be a headscratcher: there's the eccentric editor-in-chief; the irreverent dating editor; and several vice-presidents who would kill to be CEO. A whodunit as wicked as it is irresistible, this is a cracker of a novel that takes Indian crime writing to dazzling new heights.

Former chief CNN India correspondent and award-winning journalist Ravi Agrawal takes readers on a journey across the Subcontinent, through its remote rural villages and its massive metropolises, seeking out the nexuses of change created by smartphones, and with them

connection to the internet. As always with India, the numbers are staggering: in 2000, 20 million Indians had access to the internet; by 2017, 465 million were online, with three Indians discovering the internet every second. By 2020, India's online community is projected to exceed 700 million, and more than a billion Indians are expected to be online by 2025. In the course of a single generation, access to the internet has progressed from dial-up connections on PCs, to broadband access, wireless, and now 4G data on phones. The rise of low-cost smartphones and cheap data plans has meant the country leapfrogged the baby steps their Western counterparts took toward digital fluency. The

results can be felt in every sphere of life, upending traditions and customs and challenging conventions. Nothing is untouched, from arranged marriages to social status to business start-ups, as smartphones move the entire economy from cash-based to credit-based. Access to the internet is affecting the progress of progress itself. As Agrawal shows, while they offer immediate and sometimes mind-altering access to so much for so many, smartphones create no immediate utopia in a culture still driven by poverty, a caste system, gender inequality, illiteracy, and income disparity. Internet access has provided greater opportunities to women

and changed the way in which India's many illiterate poor can interact with the world, but it has also meant that pornography has become more readily available. Under a government keen to control content, it has created tensions. And in a climate of hypernationalism, it has fomented violence and even terrorism. The influence of smartphones on "the world's largest democracy" is nonetheless pervasive and irreversible, and India Connected reveals both its dimensions and its implications.

This is as much the story of Indian advertising as it is about India. Ad veteran Ambi Parameswaran looks at how advertising has

evolved, reflecting the country's culture, politics and economy in the last fifty years. From sartorial taste and food habits to marriage and old age, music and language to celebrities and censorship, Ambi examines over a hundred ads to study how the Indian consumer has changed in the past five decades and how advertising and society have shaped each other. Combining anecdote and analyses to give us a slice of modern history, Ambi evaluates the relationship between affluence, aspiration and desire in India. Exploring trends and impacts, he covers the ads that captured the imagination of the entire country. From 'Only Vimal' and 'Jai Jawan Jai Kisan' to 'Jo biwi se kare pyaar' and the

This novel is a story of a young idealist Karan who despises the deterioration of our society. He has an unwavering desire to see qualitative changes in his social surroundings resulting in a prosperous India, better than even its glorious past. He starts loving a girl, Reena. However, his ideals come in the way of his love. As he is a believer in Nature's design in which there is a full scope for human efforts, so the result is obvious. There is a nature's bounty which eliminates all the obstacles in the way of his
