These "soft skills" are vital for a well-rounded career in tech, whether as a valuable employee or a successful freelancer. About the book Own IT: How to succeed in your tech career is a guide to getting what you want out of your career in tech. You'll start by defining your ambitions—whether that's a high salary, a great work/life ...

Manning | Own IT

John Sonmez on CodeNewbie. Years after John Sonmez had been programming, he learned something very important: while his coding skills were important, creating content was his secret. With his blog posts, and eventual books and speaking gigs, he was attracting and growing an audience, and with that came job opportunities and career growth.
