The Best 65-Inch TVs for 2021 | PCMag

There were two types of projection TVs in the market: front and rear. A rear projection TV looks more like a standard television set. The rear projection TV contains a red, green, and blue (RGB) projector, which produces the images to the back of the TV. This projector can be CRT, LCD, or DLP. The Toshiba 50H82 model uses CRT projectors.
