It posits an explanation as to why well-established musicians are now perceived as terrible or having "lost it". Merely, these artists or celebrities have "Advanced" past our understanding, because they are true geniuses. The book also mentions athletes, actors, writers and even sportscasters as possibly being Advanced.

Advanced Genius Theory - Wikipedia

The Advanced Genius Theory, hatched by Jason Hartley and Britt Bergman over pizza, began as a means to explain why icons such as Lou Reed, David Bowie, and Sting seem to go from artistic brilliance in their early careers to "losing it" as they grow older.

The Advanced Genius Theory: Are They Out of Their Minds or ...

The Advanced Genius Theory, hatched by Jason Hartley and Britt Bergman over pizza, began as a means to explain why icons such as Lou Reed, David Bowie, and Sting seem to go from artistic brilliance in their early careers to "losing it" as they grow older. The Theory proposes that they don ' t actually lose it, but rather, their work simply advances beyond our comprehension.

The Advanced Genius Theory | Book by Jason Hartley, Chuck ...

The manure would be the Advanced Genius Theory, which posits that some artists are too brilliant to produce poor work. The idea that everything's good and it's just a matter of how much is liberating; the details of the Theory are dopey, arbitrary, and intrusive.

The Advanced Genius Theory: Are They Out of Their Minds or ...

The Advanced Genius Theory, hatched by Jason Hartley and Britt Bergman over pizza, began as a means to explain why icons such as Lou Reed, David Bowie, and Sting seem to go from artistic brilliance in their early careers to "losing it" as they grow older. The Theory proposes that they don ' t actually lose it, but rather, their work simply advances beyond our comprehension.

The Advanced Genius Theory: Are They Out of Their Minds or ...

Advanced Genius Theory essentially boils down to the notion that truly cutting edge work by great artists is typically misunderstood at the origin of creation, and that when those artists eventually attain public acceptance and later produce seemingly terrible material it is not so much that the new material is in actuality bad - but that the artist has advanced to the next level and it ' s the audience who has yet to catch up.

Advanced Genius Theory: David Lee Roth, Val Kilmer, 80s ...

Hartley's oddball theory is a refreshing, albeit abstract, new perspective on the way we look at pop artists and their work over time. While the subjects he puts in the Advanced Genius category are certainly subjectively chosen (as he will admit), the principles and guidelines that are used to define them as such are strangely poignant.

Amazon.com: Customer reviews: The Advanced Genius Theory

The idea behind the Advanced Genius Theory is that there are certain people who start out great and they get greater and greater, but they ' re so great that we don ' t understand them. Who ' s a good...

'The Advanced Genius Theory': Author Jason Hartley ...

The theory is an alternative explanation for the supposed inevitable decline of artistic genius, particularly rock ' n ' roll genius. Its central premise is that artists like Bob Dylan and Lou Reed didn ' t suddenly start to stink in the 1980s but had, instead, advanced beyond most people ' s comprehension.
