Dutch Kills was a hamlet, named for its navigable tributary of Newtown Creek, that occupied what today is Queens Plaza. Dutch Kills was an important road hub during the American Revolutionary War, and the site of a British Army garrison from 1776 to 1783. The area supported farms during the 19th century.

The sound system of New York City English is popularly known as a New York accent. The New York metropolitan accent is one of the most recognizable accents of the United States, largely due to its popular stereotypes and portrayal in radio, film, and television. Some of its features have diffused to many other areas; for example, the accent spoken by natives of New Orleans, Louisiana, locally ...

Dutch is a European language whose native speakers number around 22 million as of 2018. The language has a large number of speakers and is used in six countries as well as four regional bodies as its official language. Dutch is similar to both English and German and shares some grammatical structures from the two languages.

Dutch Speaking Countries - WorldAtlas

Netherlands, country located in northwestern Europe, also known as Holland. The country is low-lying and remarkably flat, with large expanses of lakes, rivers, and canals. Some 2,500 miles of the Netherlands consist of reclaimed land, the result of a process of careful water management dating back to medieval times.

The Dutch East Indies produced most of the world's supply of quinine and pepper, over a third of its rubber, a quarter of its coconut products, and a fifth of its tea, sugar, coffee, and oil. The profit from the Dutch East Indies made the Netherlands one of the world's most significant colonial powers. [15]
