Evolution Man Or How  
Evolution Man was first  
published in 1960, written  
by Roy Lewis. It is a story  
of a small tribe of cavemen  
slowly making progress in  
the world as they develop  
and learn to use tool, make  
fire and weapons. Of course,  
this probably did not happen  
as quickly as it does in the  
narrative, but that is all  
part of the charm of the  
book.

The Evolution Man: Or, How I Ate My Father by Roy Lewis

Human evolution, the process by which human beings developed on Earth from now-extinct primates. The only extant members of the human tribe, Hominini, belong to the species Homo sapiens. The exact nature of the evolutionary relationships between modern humans and their ancestors remains the subject of debate.
