9 Signs of an Inferiority Complex and 9 Tips to Overcome It. As you might tell by its name, an inferiority complex is a deeply seated feeling of being inferior to others. This feeling can be present whether you seem to have a specific rational reason for it or not.

9 Signs of an Inferiority Complex and 9 Tips to Overcome It

Another way of overcoming an inferiority complex is to have the suffering individuals assess their good qualities against the bad qualities. A self-evaluation and a comparison of oneself with oneself is more important than a comparison of oneself with others.

Think You Have an Inferiority Complex? Here's a List of ...

Inferiority complex is a term used to describe people who compensate for feelings of inferiority by acting in ways that make them appear superior. They do this because controlling others may help them feel less personally inadequate. According to Alfred Adler, a feeling of inferiority may be brought about by upbringing as a child, physical and mental limitations, or experiences of social discrimination. On the other hand, some people with this disorder are simply timid and frequently feel less t

Inferiority complex - Wikipedia

In contrast to the inferiority complex, those with a superiority complex have an exaggerated opinion of themselves, to the point of being haughty and lording their importance over others. There are also published definitions of superiority complex stating the condition is an attitude concealing one's deep rooted feelings of inferiority and failure.
