This book is excellent.  
Diane writes about bats,  
crocodilians, whales, and  
penguins. She went into the  
wild with them along with  
experts on each type of  
animal. It is very well  
written and interesting.

In Moon by Whale Light she  
researches four different  
animals in very different  
environments. Bats,  
Alligators, Whales and  
Penguins. She breaks each of  
these chapters down into a  
rich mix of personal  
experience and scientific  
fact.
