After a standoff with global regulators, management turmoil and a massive safety review, Boeing is set to win U.S. approval on Wednesday to resume flights of its 737 MAX. But the airplane maker faces headwinds from the coronavirus and new European tariffs as it scrambles to return the jet to service.

U.S. approval for 737 MAX return nears

But the largest U.S. airplane maker faces headwinds from the coronavirus and new European tariffs as it scrambles to return the best-selling jet to service.

U.S. approval for 737 MAX return nears as challenges ...

The U.S. public would be told that war was necessary to uphold the United States' universal values. Of course, as was the case with World War I, the Vietnam War, and the Iraq war, public disillusionment would set in if the war went badly. By then, however, it would be too late.

The Risk of War Between America and China

United States: The return of Corporate Inversions? Many analysts have credited the enactment of the Tax Cuts and Jobs Act (TCJA) for removing many of the incentives and benefits of a US multinational inverting or redomesticating to a foreign jurisdiction, such as Ireland or the UK, as part of a merger or acquisition of a foreign company.

United States: The return of Corporate Inversions?

The Return of U.S.-China Strategic Competition by Ashley J. Tellis January 21, 2020 This chapter analyzes the progression of China into a strategic competitor to the U.S. and the geopolitical implications of this evolving development.

These countermeasures increased tariffs from 7.3% to 20.4% on 8,073 export products covering \$127 billion (8.2%) of annual U.S. exports. This return to protection is unprecedented in the postwar era because of the sizes of the countries involved, the magnitudes of the tariff increases, and the breadth of tariffs across sectors.
