Trading Democracy for Justice: Criminal Convictions and ...

Trading Democracy suggests that changing policing practices or reducing incarceration is “politically impractical,” but gives no explanation for this conclusion -- thus avoiding a discourse on why reducing incarceration is less politically viable than a broad-based campaign of economic redevelopment. Indeed, it is unclear how economic development could or would be directed to these neighborhoods without the reduction of the coercive state policing practices the author identifies, or ...

For Trading Democracy for Justice, Traci Burch has drawn on data from neighborhoods with imprisonment rates up to fourteen times the national average to chart demographic features that include information about imprisonment, probation, and parole, as well as voter turnout and volunteerism. She presents powerful evidence that living in a high-imprisonment neighborhood significantly decreases political participation.
