TRA was founded in 1903 and its primary purpose is to establish and promulgate interchangeability standards for tires, rims, valves and allied parts. TRA standards are published in the Tire and Rim Year Book, Aircraft Year Book and supplemental publications. TRA membership is limited to manufacturers of tires, rims and wheels and allied parts. TRA has available rim inspection material (tapes and gauges) to check rim contours to TRA standards.

~~The Tire and Rim Association, Inc.~~

Fitting the correct wheels and tyres is vital to your vehicle's safety. Since 1971, strict design standards have been progressively introduced to specify safer wheel rims, tyre strength, air pressures, speed ratings, and allowable combinations of wheel and tyre sizes. Tyres fitted to your vehicle must meet the construction standards set out in Australian Design Rules (ADR) 23.
